**REQUEST TO REISSUE NOTICE OF ALLOWANCE**

We are in receipt of a USPTO Notice of Allowability dated March 22, 2007. Our experience has been that a Notice of Allowance is included and accompanies a Notice of Allowability.

The Notice of Allowability dated March 22, 2007, in the above-identified application was not accompanied with a Notice of Allowance. The Image File Wrapper on the USPTO PAIR page shows only the Notice of Allowability without a Notice of Allowance.

It is noted that a Notice of Allowance was issued on June 20, 2006, in the instant application. The fees required for the June 20, 2006, Notice of Allowance were not paid and an RCE was filed to consider additional prior art submitted in an RCE.

It is respectfully requested that the USPTO reissue this March 22, 2006, Notice of Allowability with a new Notice of Allowance and start the clock running to respond from that reissuance date.

Respectfully Submitted,

*Paul Fenster*
